

CROSSWALK SAFETY ENHANCEMENTS State Route 82

PROJECT LOCATION:

Pedestrian Hybrid Beacon or **High Intensity Activated Crosswalk Beacon (HAWK)** will be installed at **State Route – 82 (SR-82)** at **El Camino Real** at various Intersections and Cities as listed in below table. This project will stretch from San Jose to San Francisco.

LOCATIONS INCLUDE:

ROUTE	CITY/TOWN	INTERSECTION
SR-80	San Francisco	Harrison St
SR-82	San Francisco	Goethe St
SR-82	San Francisco	Rice St
SR-82	Sunnyvale	Helen Ave
SR-82	Los Altos	Distel Circle
SR-82	Los Altos	Monroe Dr
SR-82	Palo Alto	Vista Ave
SR-82	Palo Alto	Barron Ave
SR-82	Palo Alto	Fernando Ave
SR-82	Palo Alto	College Ave
SR-82	Palo Alto	Palo Alto Ave
SR-130	San Jose	Laumer Ave

PROJECT DESCRIPTION AND SCOPE:

This project is to enhance drivers' awareness of pedestrians at uncontrolled crossings. This will be done through various methods, for example: pedestrian crosswalk regulatory signs, safety lighting, Rectangular Rapid Flash Beacons, Pedestrian Hybrid Beacons, restriping with high visibility markings, and install and upgrade effected crosswalks to ADA standards.

A FEW FACTS ABOUT THE PROJECT:

Caltrans has developed a project that will provide pedestrian crosswalk safety enhancements at various intersections at selected State highways in Santa Clara County (including San Jose, Sunnyvale, Los Altos, Palo Alto) and San Francisco County
